OMNIPRE

CONNECT LLC

HEALTHCARE MEDICAL SUPPLIES & PROCUREMENT

Connecting People. Creating Opportunities.

Professional medical-supply solutions for
healthcare organizations,
government agencies and care providers.

QUALITY. CARE. CONNECTED.

www.omnipreconnect.com

WELCOME TO OMNIPRE CONNECT

Omnipre Connect LLC is a clinician-led healthcare supply and procurement company focused on connecting healthcare organizations with dependable products, sourcing support and responsive service.

- Healthcare medical supplies and disposables
- Domestic and international sourcing
- Bulk and recurring procurement
- Government and institutional procurement support
- Custom sourcing for hard-to-find products

OUR STORY

HEALTHCARE EXPERIENCE AT THE CENTER

Omnipre Connect was founded from a healthcare professional's perspective, with more than **20 years** of experience in nursing and healthcare. Our approach combines clinical understanding with procurement execution.

OUR CAPABILITIES

One healthcare supply partner.
Multiple procurement solutions.

- Healthcare medical-supply procurement
- Domestic and global sourcing
- Hospital, long-term-care and home-care supply solutions
- Government procurement and contracting support
- Bulk purchasing and recurring supply programs
- Private-label / OEM sourcing where available
- Product and supplier qualification support
- Custom sourcing for hard-to-find healthcare products
- Quote comparison and procurement support
- Responsive customer service and relationship management

WHY HEALTHCARE ORGANIZATIONS CHOOSE OMNIPRE

WHO WE SERVE

Omnipre is positioned to support organizations that need reliable medical consumables without adding unnecessary complexity to their procurement process.

- Hospitals and health systems
- Dialysis centers and renal-care providers
- Skilled nursing and long-term-care facilities
- Home-care and hospice organizations
- Clinics, urgent-care and physician practices
- Government agencies and public-sector buyers
- Distributors and institutional resellers

GLOBAL SOURCING & OEM

Need something that is not in this catalog? Let Omnipre source it. Supplier relationships span the United States and international manufacturing markets.

- Custom sourcing
- Container and bulk procurement
- OEM/private label where available
- Supplier comparison
- Documentation review
- Logistics coordination

OUR TRUSTED SUPPLIERS

- Reliable Partners
- Quality Products
- Consistent Supply

We work with a trusted network of established suppliers and manufacturers to provide dependable products, consistent quality, and reliable sourcing across our healthcare portfolio.

IV ADMINISTRATION SETS

Controlled Infusion for Diverse Clinical Needs

IV Delivery Systems for Efficient Infusion Care

Connect. Regulate. Deliver with Precision.

IV administration sets provide adaptable fluid-delivery pathways for infusion therapy, combining practical connection features and flow-control options to support medication and solution administration across varied clinical settings.

Product Code: OMNIPRE-NFIV-36A

Infuvia — IV Sets with Needle-Free Access Sites

Needle-Free | Y-Sites | Standard Administration

Standard administration sets incorporate needle-free Y-sites for convenient secondary access, supporting streamlined fluid and medication delivery while reducing the need for needle-based connections during infusion procedures.

Product Code: OMNIPRE-FCIV-36B

Flowaris — IV Sets with Integrated Flow Regulation

Flow Control | Integrated Regulator | IV Administration

Integrated flow-control functionality allows clinicians to regulate infusion delivery directly through the administration set, providing a practical configuration for procedures requiring controlled fluid management.

Product Code: OMNIPRE-AFRI-36C

Regulix — Adjustable IV Sets for Regulated Infusion Delivery

Adjustable Flow | Regulator | Infusion Set

An adjustable flow regulator provides convenient control over infusion delivery, combining standard IV administration components with an integrated mechanism for managing fluid flow during routine therapy.

EXTENSION SETS & 3-WAY STOPCOCKS

Flexible Connections for Infusion Management

Versatile Extension Solutions for IV Access

Extend. Connect. Direct Fluid Flow.

IV extension sets expand access between infusion components and vascular devices, offering flexible tubing and multi-port configurations that support organized fluid delivery, medication administration, and clinical line management.

Product Code: OMNIPRE-TWS-37A

Trivexa — Extension Sets with Three-Way Flow Control

3-Way Stopcock | Luer Connections | Extension Set

Integrated three-way stopcocks provide multiple access pathways within the IV line, allowing convenient connection and directional fluid control through secure luer interfaces during infusion procedures.

Product Code: OMNIPRE-MAE-37B

Portiva — IV Extension Sets for Multi-Port Access

Multiple Access | Stopcock | Luer Connection

Multi-access extension configurations provide additional connection points for infusion therapy, supporting organized administration of compatible fluids and medications while extending the working distance from the primary vascular access.

Product Code: OMNIPRE-MBE-37C

Microvia — Microbore Extension Sets for Low-Volume Delivery

Microbore | Reduced-Bore Tubing | IV Extension

Reduced-bore tubing minimizes internal line volume while extending IV access, making microbore sets a practical option for infusion applications requiring compact fluid pathways and controlled line management.

FILTERED & NEEDLE-FREE IV SETS

Specialized Infusion Access with Added Control

Advanced IV Sets for Specialized Infusion

Filter. Access. Deliver with Control.

Specialized IV configurations integrate filtration and needle-free access options into fluid-delivery pathways, supporting controlled infusion workflows and adaptable connectivity across a range of clinical therapy requirements.

Product Code: OMNIPRE-FIAS-38A

Filtrion — Filtered IV Sets for Controlled Administration

Inline Filter | IV Administration | Sterile

An integrated inline filter adds filtration directly within the administration pathway, providing a convenient configuration for infusion procedures where filtered delivery is required as part of the clinical protocol.

Product Code: OMNIPRE-MFES-38B

Filtressa — Filtered Extension Sets with Needle-Free Access

0.2 Micron | Needle-Free Valve | Extension Set

These specialty extension sets combine a 0.2-micron filter with needle-free access, bringing filtration and convenient line connectivity together within a compact configuration for specialized infusion applications.

Product Code: OMNIPRE-NFAS-38C

Nexovia — Needle-Free IV Sets for Convenient Access

Needle-Free | Y-Site Access | IV Administration

Needle-free Y-sites provide accessible connection points along the IV pathway, supporting fluid and medication administration without routine needle-based entry while maintaining an organized infusion setup.

MEASURED-VOLUME BURETTE INFUSION SETS

Controlled Delivery for Precise Infusion Volumes

Burette Systems for Measured Fluid Administration

Measure. Regulate. Administer with Precision.

Measured-volume infusion sets incorporate graduated burette chambers for controlled fluid administration, supporting clinical applications where defined volumes and closer management of infusion delivery are required.

Product Code: OMNIPRE-MVIS-39A

Burevia — Measured-Volume Sets with Graduated Burette Chamber

Burette Chamber | Measured Volume | IV Administration

A graduated burette chamber enables clinicians to prepare and administer defined fluid volumes, providing a practical infusion configuration for procedures requiring closer observation of delivered quantities.

Product Code: OMNIPRE-NBIS-39B

Burexis — Burette Infusion Sets with Needle-Free Connection

Measured Volume | Needle-Free | Burette Set

Measured-volume burette functionality is paired with needle-free connectivity, creating an adaptable fluid pathway for controlled administration while simplifying access within specialized infusion workflows.

Product Code: OMNIPRE-AOBS-39C

Addovia — Add-On Burette Sets for Controlled Infusion

Add-On Burette | Graduated Chamber | IV Access

Add-on burette configurations introduce measured-volume capability into compatible IV setups, offering a flexible solution when controlled fluid quantities are needed without replacing the complete administration pathway.

IV PROCUREMENT & DOCUMENTATION

Structured Support for Smarter IV Sourcing

Simplifying IV Product Sourcing and Documentation

Compare. Verify. Document. Coordinate.

IV procurement services organize product comparisons, specification reviews, and supporting documentation, helping healthcare organizations navigate complex infusion requirements and make purchasing workflows more consistent and manageable.

Product Code: OMNIPRE-IVPC-40A

Comparis — IV Product Comparison for Informed Sourcing

Product Comparison | Specifications | Sourcing Support

Side-by-side product comparisons help procurement teams evaluate IV configurations, technical specifications, and application requirements, creating a clearer foundation for sourcing suitable infusion products.

Product Code: OMNIPRE-IVDR-40B

Docuvera — IV Documentation Review for Procurement Accuracy

Documentation | Specification Review | Verification

Documentation review organizes available product specifications and supporting information, helping purchasing teams verify requirements and maintain clearer records throughout IV product evaluation and procurement.

Product Code: OMNIPRE-IVSC-40C

Sourvex — IV Sourcing Coordination for Supply Requirements

Sourcing | Product Matching | Supply Coordination

Sourcing coordination connects defined IV requirements with appropriate product configurations, helping streamline supplier evaluation, product matching, and purchasing activities across healthcare procurement workflows.

SELECTED SUPPLIER & MANUFACTURING NETWORK

The companies below have appeared in Omnipre sourcing, quotation or product-development work and are relevant to the product families shown in this catalog. Listing a company does not by itself represent an exclusive distribution agreement.

SUPPLIER / SOURCE	REGION	PRODUCT FOCUS
INTCO Medical	China	Nitrile, vinyl and synthetic gloves; PPE/disposables
Kimlead Hygiene Products	China	Adult diapers, pull-ups, underpads, feminine hygiene and pet pads
Teddy / Anboson	China	Vinyl, synthetic, pure nitrile and specialty gloves
Hartalega	Malaysia	Nitrile examination gloves
Kingfa Medical	China	Nitrile examination gloves and protective products
Angiplast / AngelTouch	India	IV, respiratory, airway, urology and general disposables
Safetec of America	USA	Disinfection and hand-hygiene products
INTCO Medical	China	Nitrile, vinyl and synthetic gloves; PPE/disposables
Myco Medical / supplier records	U.S./global	Surgical blades, handles and scalpels
Ambu	U.S./global	Airway, anesthesia, resuscitation and selected single-use devices
NOVA / Seyitler	Turkey	Dialysis sets, hemostatic and selected wound-care consumables

Manufacturer product photography and specifications should be used only after Omnipre confirms appropriate image-use rights and current SKU documentation.

QUALITY, DOCUMENTATION & REGULATORY

Omnipre takes a documentation-first approach to medical-supply sourcing.

Product claims are reviewed at the SKU level rather than applied broadly to an entire category or supplier.

- FDA status is product/SKU specific.
- ISO 13485 applies to the manufacturer/system scope shown in current documentation.
- CE status should be confirmed for the exact applicable product.
- ASTM claims must match the exact product and standard.
- NFPA claims must match the exact product and applicable certification/listing.
- Packaging, country of origin, availability and lead time are verified at quotation.
- Regulatory and certification documentation is available upon request.

PUBLIC CATALOG STANDARD

Product availability, specifications, packaging and regulatory status may vary by manufacturer and SKU. Documentation is available upon request.
