SURGICAL & PROCEDURE MASKS

Reliable Protection for Clinical Environments

Protective Face Masks for Clinical Procedures

Comfort. Protection. Confident Performance.

Surgical and procedure masks provide dependable facial barrier protection for healthcare environments, offering practical options for routine patient care, clinical procedures, examinations, and applications requiring enhanced fluid resistance.

Product Code: OMNIPRE-PML1-19A

Aerivon — Level One Procedure Masks with Earloops

Blue/Yellow/White | 3-Ply | ASTM Level 1

Three-ply procedure masks with ear loops provide comfortable facial barrier protection for routine healthcare applications. Level 1 performance supports general examinations, patient care, and low-fluid-exposure clinical procedures.

Product Code: OMNIPRE-SML1-19B

Tievera — Level One Surgical Masks with Ties

Blue | 3-Ply | ASTM Level 1

Three-ply surgical masks feature secure tie closures for adjustable positioning during clinical use. Level 1 barrier performance supports routine surgical, procedural, and patient-care applications with lower fluid-exposure requirements.

Product Code: OMNIPRE-PML3-19C

Fortexa — Level Three Procedure Masks with Earloops

Blue/Purple | Multi-Ply | ASTM Level 3

Level 3 procedure masks provide enhanced barrier performance and high fluid resistance for demanding clinical environments. Ear-loop construction supports convenient wear during procedures requiring increased protection from fluid exposure.

QUALITY, DOCUMENTATION & REGULATORY

Omnipre takes a documentation-first approach to medical-supply sourcing.

Product claims are reviewed at the SKU level rather than applied broadly to an entire category or supplier.

- FDA status is product/SKU specific.
- ISO 13485 applies to the manufacturer/system scope shown in current documentation.
- CE status should be confirmed for the exact applicable product.
- ASTM claims must match the exact product and standard.
- NFPA claims must match the exact product and applicable certification/listing.
- Packaging, country of origin, availability and lead time are verified at quotation.
- Regulatory and certification documentation is available upon request.

PUBLIC CATALOG STANDARD

Product availability, specifications, packaging and regulatory status may vary by manufacturer and SKU. Documentation is available upon request.
