OMNIPRE

CONNECT LLC

HEALTHCARE MEDICAL SUPPLIES & PROCUREMENT

Connecting People. Creating Opportunities.

Professional medical-supply solutions for
healthcare organizations,
government agencies and care providers.

QUALITY. CARE. CONNECTED.

www.omnipreconnect.com

WELCOME TO OMNIPRE CONNECT

Omnipre Connect LLC is a clinician-led healthcare supply and procurement company focused on connecting healthcare organizations with dependable products, sourcing support and responsive service.

- Healthcare medical supplies and disposables
- Domestic and international sourcing
- Bulk and recurring procurement
- Government and institutional procurement support
- Custom sourcing for hard-to-find products

OUR STORY

HEALTHCARE EXPERIENCE AT THE CENTER

Omnipre Connect was founded from a healthcare professional's perspective, with more than **20 years** of experience in nursing and healthcare. Our approach combines clinical understanding with procurement execution.

OUR CAPABILITIES

One healthcare supply partner.
Multiple procurement solutions.

- Healthcare medical-supply procurement
- Domestic and global sourcing
- Hospital, long-term-care and home-care supply solutions
- Government procurement and contracting support
- Bulk purchasing and recurring supply programs
- Private-label / OEM sourcing where available
- Product and supplier qualification support
- Custom sourcing for hard-to-find healthcare products
- Quote comparison and procurement support
- Responsive customer service and relationship management

WHY HEALTHCARE ORGANIZATIONS CHOOSE OMNIPRE

WHO WE SERVE

Omnipre is positioned to support organizations that need reliable medical consumables without adding unnecessary complexity to their procurement process.

- Hospitals and health systems
- Dialysis centers and renal-care providers
- Skilled nursing and long-term-care facilities
- Home-care and hospice organizations
- Clinics, urgent-care and physician practices
- Government agencies and public-sector buyers
- Distributors and institutional resellers

GLOBAL SOURCING & OEM

Need something that is not in this catalog? Let Omnipre source it. Supplier relationships span the United States and international manufacturing markets.

- Custom sourcing
- Container and bulk procurement
- OEM/private label where available
- Supplier comparison
- Documentation review
- Logistics coordination

OUR TRUSTED SUPPLIERS

- Reliable Partners
- Quality Products
- Consistent Supply

We work with a trusted network of established suppliers and manufacturers to provide dependable products, consistent quality, and reliable sourcing across our healthcare portfolio.

OXYGEN DELIVERY

Adaptable Solutions for Respiratory Oxygen Support

Oxygen Delivery Devices for Respiratory Care

Comfort. Flow. Dependable Delivery.

Oxygen delivery solutions provide flexible options for supplemental respiratory support, combining patient-focused interfaces with practical tubing and connection configurations for use across varied clinical care environments.

Product Code: OMNIPRE-SNOC-42A

Nasovia — Soft Nasal Cannulas for Oxygen Delivery

7-ft Tubing | Soft Material | Universal Connector

Soft nasal cannulas provide comfortable supplemental oxygen delivery with flexible tubing and universal connectivity, supporting adult, pediatric, and infant respiratory care across diverse clinical settings.

Product Code: OMNIPRE-HFNC-42B

Fluxara — High-Flow Cannulas for Enhanced Oxygen Delivery

High Flow | Soft Cannula | Standard Connector

High-flow nasal cannulas support increased oxygen delivery while maintaining a soft patient interface, with configurations suitable for connection to compatible bubble humidification systems.

Product Code: OMNIPRE-DOM-42C

Oxyvera — Disposable Masks for Flexible Oxygen Therapy

Adult | Multiple Configurations | 7-ft Tubing

Disposable oxygen masks accommodate varied respiratory requirements through multiple delivery configurations, including standard, higher-concentration, non-rebreathing, and adjustable options for controlled supplemental oxygen therapy.

AIRWAY & ANESTHESIA

Specialized Devices for Airway Management

Airway Solutions for Anesthesia and Respiratory Care

Access. Maintain. Support the Airway.

Airway and anesthesia devices support respiratory management across procedural settings, providing specialized options for maintaining airway access and assisting clinical teams during anesthesia, emergency care, and respiratory procedures.

Product Code: OMNIPRE-LMA-43A

Laryvex — Laryngeal Mask Airways for Airway Management

Sizes #3–#5 | Laryngeal | Airway Device

Laryngeal mask airways provide a practical supraglottic airway option for anesthesia and respiratory management, with multiple sizes supporting appropriate selection across different adult patient requirements.

Product Code: OMNIPRE-RGA-43B

Guedara — Rigid Guedel Airways for Oropharyngeal Access

Rigid | Oropharyngeal | Color-Coded

Rigid Guedel airways help maintain an open oropharyngeal pathway during appropriate clinical procedures, with color-coded sizing supporting quick identification and organized selection in procedural environments.

Product Code: OMNIPRE-SGA-43C

Softiva — Soft Guedel Airways for Gentle Placement

Soft | Oropharyngeal | Low-Trauma Tip

Soft Guedel airways feature a low-trauma tip designed for gentler placement while supporting airway patency during anesthesia, emergency response, and other procedures requiring oropharyngeal airway management.

DISPOSABLE & REUSABLE RESUSCITATORS

Manual Ventilation for Critical Respiratory Support

Manual Resuscitation Solutions for Assisted Ventilation

Responsive Ventilation. Reliable Airway Support.

Manual resuscitators provide controlled positive-pressure ventilation during emergency and respiratory care, with disposable and reusable configurations designed to accommodate different patient sizes and clinical workflows.

Product Code: OMNIPRE-DMR-44A

Resuvia — Disposable Resuscitators for Manual Ventilation Support

Adult/Pediatric/Infant | Disposable | SEBS

Single-use resuscitators provide responsive manual ventilation across adult, pediatric, and infant applications, combining a secure grip surface with efficient valve operation for emergency and respiratory care.

Product Code: OMNIPRE-RMR-44B

Revivent — Reusable Resuscitators for Repeated Clinical Use

Adult/Baby | Reusable | Reprocessable

Reusable manual resuscitators support repeated ventilation requirements with a durable, reprocessable construction designed for up to 30 processing cycles and configurations suited to adult and smaller patients.

Product Code: OMNIPRE-ETR-44C

Capnora — Disposable Resuscitators with $EtCO_2$ Monitoring Capability

Disposable | $EtCO_2$ Compatible | Manual Ventilation

$EtCO_2$-compatible resuscitators combine manual ventilation with convenient access for exhaled carbon dioxide monitoring, supporting respiratory assessment during emergency response, transport, and other critical-care applications.

PEEP VALVES, FACE MASKS & BREATHING CIRCUITS

Integrated Accessories for Respiratory Care

Respiratory Accessories for Ventilation and Airway Support

Connect. Control. Support Every Breath.

Respiratory accessories complement ventilation and anesthesia workflows with solutions for pressure control, manual lung inflation, patient interfaces, breathing bags, and circuit connections across varied care environments.

Product Code: OMNIPRE-APV-45A

Peplix — Adjustable PEEP Valves for Pressure Management

Adjustable PEEP | Disposable | Ventilation Accessory

Disposable PEEP valves provide adjustable positive end-expiratory pressure during compatible ventilation procedures, offering clinicians a compact solution for managing expiratory pressure within respiratory support systems.

Product Code: OMNIPRE-HIB-45B

Pulmora — Hyperinflation Bags for Controlled Lung Expansion

Adjustable Control | Swivel Port | Manual Ventilation

Hyperinflation bags provide hands-on control during respiratory procedures, incorporating an adjustment mechanism and 180-degree swivel manometer port to support pressure observation and controlled manual lung inflation.

Product Code: OMNIPRE-DFM-45C

Ventara — Disposable Face Masks for Secure Ventilation

Disposable | Optional Check Valve | Hook-Ring Options

Disposable face masks create a practical patient interface for respiratory and anesthesia applications, with configurable hook-ring and check-valve options supporting different ventilation setups and procedural requirements.

SELECTED SUPPLIER & MANUFACTURING NETWORK

The companies below have appeared in Omnipre sourcing, quotation or product-development work and are relevant to the product families shown in this catalog. Listing a company does not by itself represent an exclusive distribution agreement.

SUPPLIER / SOURCE	REGION	PRODUCT FOCUS
INTCO Medical	China	Nitrile, vinyl and synthetic gloves; PPE/disposables
Kimlead Hygiene Products	China	Adult diapers, pull-ups, underpads, feminine hygiene and pet pads
Teddy / Anboson	China	Vinyl, synthetic, pure nitrile and specialty gloves
Hartalega	Malaysia	Nitrile examination gloves
Kingfa Medical	China	Nitrile examination gloves and protective products
Angiplast / AngelTouch	India	IV, respiratory, airway, urology and general disposables
Safetec of America	USA	Disinfection and hand-hygiene products
INTCO Medical	China	Nitrile, vinyl and synthetic gloves; PPE/disposables
Myco Medical / supplier records	U.S./global	Surgical blades, handles and scalpels
Ambu	U.S./global	Airway, anesthesia, resuscitation and selected single-use devices
NOVA / Seyitler	Turkey	Dialysis sets, hemostatic and selected wound-care consumables

Manufacturer product photography and specifications should be used only after Omnipre confirms appropriate image-use rights and current SKU documentation.

QUALITY, DOCUMENTATION & REGULATORY

Omnipre takes a documentation-first approach to medical-supply sourcing.

Product claims are reviewed at the SKU level rather than applied broadly to an entire category or supplier.

- FDA status is product/SKU specific.
- ISO 13485 applies to the manufacturer/system scope shown in current documentation.
- CE status should be confirmed for the exact applicable product.
- ASTM claims must match the exact product and standard.
- NFPA claims must match the exact product and applicable certification/listing.
- Packaging, country of origin, availability and lead time are verified at quotation.
- Regulatory and certification documentation is available upon request.

PUBLIC CATALOG STANDARD

Product availability, specifications, packaging and regulatory status may vary by manufacturer and SKU. Documentation is available upon request.
